

EDITOR FOR IMMEDIATE RELEASE

ANS ADDS TO HQ STAFF

Two key positions at Airline Network Services have been filled by Susan Zderko and John LoMonaco, according to an announcement by Jens Tubbesing, chief executive of ANS.

Ms Zderko has assumed the position of marketing and sales manager, and Mr. LoMonaco has taken over the managerial reins of CASS. Both are based at the general sales agency's headquarters, located at 1979 Marcus Avenue, Lake Success, New York 11042, in proximity to both JFK International and La Guardia Airports.

Ms Zderko's air transportation career started at Eastern Airlines where she performed various duties in the cargo sales department. In a subsequent position at ABN/ AMRO European American Bank, she was responsible for the purchase of hardware and software for the firm's various corporations.

Eventually Ms Zderko joined Cargo Network Services as accounting and administrative assistant.

Mr. LoMonaco, a former owner of a travel agency, was associated with Mindpearl USA which handled accounts for Swiss International Airlines and Finnair. At CNS, which he subsequently joined, he served as a member of the CASS team, responsible for payments and managing air waybill stock.

For both Susan Zderko and John LoMonaco their employ at ANS is a restoration of affiliation with Jens Tubbesing, who formerly headed CNS as president.
